Career Objective

Enthusiastic Computer Science and Engineering graduate with a strong foundation in Java, Python, SQL, and Web Development. Eager to begin my career as a Software Developer where I can apply my technical skills, and contribute to developing innovative and efficient software solutions while continuously enhancing my knowledge and professional growth.

Skills

Programming & Technical Skills: Java, MySQL, Python ,MongoDB, Django, Flask, ML Libraries, TKinter, Java Swing, Selenium WebDriver, Katalon Studio, HTML, CSS, JavaScript

Tools & Platforms: Git, GitHub, VS Code, Eclipse, NetBeans

Experience

Python Developer Intern

July 2024 – August 2024

Elewayte (Remote)

Tools Used: Jupyter Notebook, SQL

- **Performed Data Cleaning, preprocessing, and analysis** using Pandas and NumPy, improving data accuracy and analysis efficiency.

Java Developer Intern

August 2025 – September 2025

Codec Technologies AICTE Approved (Remote)

Tools Used: Eclipse, NetBeans, MySQL

- **Developed and maintained java applications** using Core Java and MySQL, improving application functionality and database operations.

Web Development and Designing Intern

October 2025 – November 2025

AICTE OIB-SIP (OASIS INFOBYTE) (Remote)

Tools Used: HTML, CSS, JavaScript

- **Designed and developed responsive web pages** using HTML, CSS, and JavaScript, improving user experience and website functionality.

Projects

Crime Management System | Java

August 2024 – September 2024

- **Developed a Java-based Crime Management System** using Object-Oriented Programming and JDBC to manage FIR records, criminal information, and case status, with features for data entry, search, update, and report generation for efficient case management.

Farm Management System | Python Flask

July 2025 – August 2025

- **Developed a web-based Farm Management System** using Python Flask and MySQL to manage crop details, farmer information, and resource allocation, implementing CRUD operations for efficient data storage and retrieval.

Blog Platform | Django

January 2026 – February 2026

- **Developed a responsive Blog Platform** using Django with secure user authentication, profile management, blog post CRUD operations, categories, image uploads, comments, and an SQLite database, while designing a responsive user interface using HTML, CSS, Bootstrap, and JavaScript.

Certifications

- **Programming Using Java – Infosys Springboard:** Completed training in Core Java, Object-Oriented Programming, and Java application development.
- **Artificial Intelligence (MOOC):** Completed a 31-hour course covering Artificial Intelligence fundamentals and Machine Learning concepts.
- **Python Web Developer Training – ICT Academy & Cognizant Foundation:** Gained hands-on experience in Python, Django, Flask, HTML, CSS, JavaScript, SQL, and web application development.

Education

B.E in Computer Science & Engineering

Expected Graduation: 2027

STJIT(VTU), Ranebennur

CGPA: 8.9 / 10

PUC (Science)

Completed: 2023

SCRPU College, Honnali(Shivamogga)

Percentage: 89%
